Juval

This elegant luxury wood is a genuine jewel. Juval is a chestnut wood that also creates a credible and aristocratic effect in the colours of walnut and cherry wood. Striated sections alternate with flowers in the decor image. A striking feature is provided by the wonderful annual-ring markings. Juval has been created as an allover decor for floors, styled in an underlying grid of 203 mm.

Characteristics: chestnut, elegant, beautiful annual-ring markings, allover in a 203 mm grid

Application: Flooring
